### About Us

BDA Builders LLC is a SWaM Certified Small, Minority Owned, Class "A" General Contracting firm with a proven track record of delivering high-quality construction solutions that exceed expectations. From civil and industrial projects to ground-up construction and renovations, BDA Builders has delivered over \$200 million of quality projects in the last 10 years. By maintaining our goal to provide the highest quality service at the fairest possible price, our quality control program ensures that every project meets the highest standards of craftsmanship, compliance, and client satisfaction. From pre-construction planning to final inspections, we implement rigorous processes to monitor performance, materials, and workmanship at every stage. We are your trustworthy option to provide prompt, cost-effective, and safety-focused service.

Thanks to the skills of our Superintendent and Project Management teams, BDA Builders has the capacity to manage projects of all sizes. Through the years of working with several specialist subcontractors on both private and public commercial projects, we have developed priceless connections with a strong pool of skilled subcontractors who complement our expertise. Our project management team has decades of expertise managing ground-up and general construction projects for design/build or design/bid/build contracts for local, state or federal government projects.
